If you work at a desk job, or spend a lot of your day focusing on near objects. You may want to consider doing eye exercises each day. A Goggle search yields many webpages with good ideas. Here’s one page that gives animated examples for many exercises: www.eyetrainer.org. Provided by Christian Record Services for the Blind.

Prayer Thought:

“...We need to learn that indulged appetite is the greatest hindrance to mental improvement and soul sanctification...Indulgence of appetite is the greatest cause of physical and mental debility, and lies largely at the foundation of feebleness and premature death...” *Counsels on Diet and Foods*, 209.
